Hi Tim, here's today's summary:

THERE ARE TWO THINGS GOING ON THAT

## **1. EOC JOHN SENN UPDATE TO AUG 13 SPREADSHEET #2**

- At 5:30 John called me to remove the #2 data XLSX and gave me a temp "EPA is working to update..." sentence.  
This is on page <https://wcms.epa.gov/goldkingmine/gold-king-mine-data-august-13-2015>
- Later this evening (if not tomorrow) I expect John to contact you / us with the corrected spreadsheet file.
- When he does, replace his temp "EPA is working to update..." sentence with the following:

Validated sampling data for the Animas and San Juan Rivers from the Northern Border of New Mexico to Navajo Nation collected from Aug. 9 to Aug. 10, 2015.

Open or download the data file: **[and post John's fixed XLSX file here]**

## **2. THE NEW MAP:**

**This is the data page REVISION with the code showing actual data points that Eric Delgado et al think is final.**

This is the revision EOC needs to approve. If so, publish.

<https://wcms.epa.gov/node/106189/revisions/221415/view>

NOTE - If anyone asks you to publish this as a LIVE TEST, CHANGE THE PAGE TITLE (insert "TEST"). Or you will be publishing the data page for real. I hate Drupal.

### **3. IMHO for the PHOTOS.**

Do whatever you thinks makes sense. Here's my suggestion: If they're just general photos, I suggest starting a page titled "Photos from the Gold King Mine Response" and linking "Photos" UNDER the Data and information panelizer. Also on the page, add a top right "related" link to the Admin's photos on page <http://www2.epa.gov/goldkingmine/administrator-mccarthys-trip-durango-co-8122015>

#### **WHAT I ACTUALLY DID TODAY: (other than #1 & #2 above)**

Posted <http://www2.epa.gov/goldkingmine/gold-king-mine-resources-information>

Posted 8/15 data page and data statement page.

(data page)

<http://www2.epa.gov/goldkingmine/gold-king-mine-data-august-15-2015>

(statement)

<http://www2.epa.gov/goldkingmine/epa-statement-water-quality-data-collected-san-juan-river-between-farmington-and>

Added links to 8/15 data updates on the main "data" page and main "updates" page.

Added link on GKM home and Contact Us page to new "resources" page.

Added link to Spanish page on GKM home (near bottom).

**FORETOLD, BUT DIDN'T HAPPEN:**

**"Frequent Questions" page.** Jennifer mentioned by phone. If this happens, I suggest naming the page "Frequent Questions about the Gold King Mine Response". Its link should be #2 under the Data and information panelizer. Note, we avoid use the phrase "FAQ."

**SUGGESTED EVENING LISTENING:**

**TOMORROW 8/16:**
